

PHOTO GUIDELINES:

It is the responsibility of the author to obtain all necessary permissions for all submitted photographs. Submissions should include the name of the photographer as it is to appear in the credit line and a written photo caption. List groups of people from left to right and from back row to front row. High-resolution electronic images should be saved in JPEG or TIFF format and at least 3 MB or 300/dpi.

Send the photo files individually with the article and numerically numbered for reference on the photo and in the article where you would like the photo embedded.
